All Saints CE Junior School

BEHAVIOUR POLICY
FINAL

May 2017

Written by: J McKrell	**Date: May 2017**
Signed by Headteacher:	**Date: May 2017**
Signed by Chair of Governors:	**Date: 22 May 2017**
Date to be reviewed:	**May 2020**

This policy complies with section 89 of the Education and Inspections Act 2006. At All Saints we believe that children learn best from the good examples set before them and that an effective behaviour policy requires close partnership between parents, teachers and children.

Aims

We believe behaviour in the classroom is closely linked to teaching and learning, there is a responsibility on the teacher to provide an environment that engages the child and feels safe. Behaviour outside of the classroom is modelled by all staff and reinforced through interactions with each other and with the pupils. By adopting a system of rewards to reinforce good behaviour we aim to let everyone experience the benefits of good behaviour, to be a nurturing school that can bring out the best and recognize the positive in all children. Our behaviour policy should recognise the roles of children, teachers and parents and to be effective for all concerned.

These include for children:

- the opportunity to work to their best ability
- to be able to learn without distraction
- to develop self confidence
- value friendship

For staff:

- to have the opportunity to teach engaging lessons without disruption
- to develop positive relationships with children

For parents:

- to be confident that their children are developing personally, socially and academically with support if they need it.
- to be confident that the school has procedures in place to deal promptly with incidents of misbehaviour, so that their children can learn in a happy and safe environment.

Expectations of Behaviour

We expect children to be:

 careful and kind,

- polite and friendly,
- able to respond to all adults immediately,
- helpful to each other,
- respectful of their own and other people's property,
- hard working,
- and at all times should treat others as they would expect to be treated themselves.

We trust they will also be inquisitive, enquiring and keen to learn.

Children are taught what acceptable behaviour is and how unacceptable behaviour affects those around them. We focus on a Christian Value each week to help promote good behaviour and our British Values. They are encouraged to talk about issues that upset them and are reminded regularly of this during PSHE lessons, daily assemblies, Anti-bullying week, ELSA sessions (Emotional Literacy Support Assistant) for select children, class collective worships etc. We can use whole school and year group assemblies to react to any behaviour trends throughout the school.

Through discussions in class, with teachers and with parents, children are made aware of the consequences of their actions and learn that they can make choices regarding the behaviour they display. At the beginning of every year teachers talk through the school's Code of Conduct and through discussion with pupils, agree on behaviour expectations. Our school expectations are discussed with parents in Meet the Teacher and Parents' Evenings throughout the academic year.

The school promotes good behaviour by:

- creating a safe and friendly environment where children feel they can talk to adults if they experience problems
- adopting the use of a simple code of conduct (see below)

- having year 6 prefects who model good behaviour
- publicly recognising and praising good behaviour
- rewarding by merit points, stickers, class privileges, and nominations for both the Well Done and Christian Value award
- setting good examples ourselves – school council can nominate adults for certificates
- encouraging kindness, helpfulness, cheerfulness, sharing and honesty
- ensuring criticism is constructive and offering alternative strategies if necessary
- use of ELSA (Emotional Literacy Support Assistants) for children finding aspects of school difficult
- SEALS (Social Emotional Aspects of Learning) activities to open discussions about problems

Code of Conduct

- Show respect for others through your words and actions
- Show respect for your property and the property of others at all times
- Wear the correct school uniform and, for safety reasons, do not wear jewellery (stud earrings only) except watches, medi-alert bracelets or religious emblems
- Be punctual
- Play sensibly in the right areas
- Walk along corridors and in classrooms for your own and other people's safety – walking on the left-hand side
- Report all incidents of bullying or anything else that is worrying you to an adult before you go home
- Use toilets on your way out to break or lunchtime. Ask a lunchtime controller to go inside to use toilets (prefects monitor inside school)
- Stay outside during break and lunchtime unless you have permission to be inside and are properly supervised
- Use small balls (grapefruit size) on the playground at break and lunchtime but no ball games before or after school
- Eat lunch in a civilised manner
- At the end of the day report to the office if you are not collected

Policy for Misbehaviour

Parents and pupils are made aware of expectations of behaviour through parents' meetings and the Home School Agreement, which every pupil and parent is asked to sign on entry to the school.

We absolutely do not accept any of the following: name calling, swearing, spitting, racist remarks, kicking, fighting, bullying, lying, stealing, dropping litter, destroying or not respecting other people's property and answering back aggressively/sarcastically to all adults.

Identifying Levels of Misbehaviour

Low level	Moderate level	Serious level

Fidgeting/distracting others Arguing/ Fighting (one off) Telling tales Late for school Dropping Litter Noisy e.g. talking/ shouting Failing to keep on task Leaving seats without permission Unkind remarks Bad language (one off) Time wasting Telling lies (one off) Running in corridors Pushing in line Chewing Gum Borrowing without permission Leaving work area untidy Refusal to wear correct school uniform	Constantly shouting out Poor effort Distracting others Poor attendance Continuously unprepared for work Stealing Disregarding any adult Bad language (persistent) Any racist language Threatening/ aggressive behaviour or persistent fighting Telling lies (persistent) Constant low level behaviour	Serious assault Vandalism e.g. damage to school property/ graffiti Physical / verbal threats made to staff and pupils Use of or in possession of drugs/ solvents Violent outbursts verbal or physical Leaving school without permission Constant moderate levels of behaviour

Behaviour Management Strategies and Processes

Where children forget to behave well then verbal reprimands in a firm manner are used as well as:

- reminders on how to behave, our expectations and what to do next.

All adults working at the school should remember this. However, sometimes this is not enough. Further actions and processes will take place depending on the severity of behaviour, these include:

- Teachers' own behaviour management strategies
- Year group leader intervention
- Assistant Head intervention
- Seclusion from class
- Temporary exclusion
- Permanent exclusion

Teachers' own behaviour management strategies

Strategies used within class should be shared across the year group which might include:

- Verbal praise, pat on the back, a smile which can always help reinforce positive behaviour,
- Using charts/rewards to promote positive behaviour in class and out on the playground, Use of PSHE lessons,
- Moving places,
- TA intervention,
- Teachers can give children **two warnings** before acting on the third incident (if persistent low level behaviour occurs in class) where they can take necessary action. This could be a loss of break time and/or lunchtime or sent to another colleague within the year group. Children will have a reflection sheet to fill at this time.

Rewards earned cannot be removed including merits or 'Golden Time'
Not to send/leave children outside of the class
Not to stand a child in front of the class and verbally reprimand them.

Year Group Leader Intervention - (if persistent low level behaviour continues)

If low level behaviour continues then year group leaders are made aware to help intervene and informal discussions with parents should take place. This can be a phone call, an after school

meeting or parents evening if appropriate. Continue to use positive reinforcement to encourage the right behaviour.

Assistant Head – (if persistent low / moderate behaviour continues)
If poor behaviour continues and includes moderate level; Assistant Heads will become involved. This will include setting up a report book for the child that will focus on positive behaviour (or the area that is causing concern) and will be recorded on OTrack.

Seclusion – (If persistent moderate/Serious behaviour continues)
First the child will be sent to Assistant Head for seclusion. The child will be provided with a reflection sheet and work for the day. Parents will be notified to discuss/plan strategies for good behaviour – Teacher and Assistant Head involved.
The child will be out of class for a period of time to earn the right to go back in class whilst setting POSITIVE individual behaviour plans/contract to learn appropriate behaviour.
Any child returning to class will have a meeting involving the teacher, Assistant Head, parents and the child to discuss coping strategies for the future.

Temporary Exclusion – (If serious behaviour continues)
Continued Serious Behaviour will involve the SLT team. Meetings with parents will take place to discuss temporary exclusion following LA (Local Authority) guidance. Again work will be provided by the child's teacher for this period of time. Again, there will be meetings between the teacher, SLT, parents and child before returning to class.

Permanent Exclusion
Where circumstances warrant it, parents and the Borough are notified to discuss the procedure of a permanent exclusion (see LA guidance).

In rare cases it may be necessary for the Headteacher to exclude a child from school on a temporary or permanent basis. The school follows LA guidance on the exclusion of pupils. Parents will be notified in writing and a meeting will be arranged with the Headteacher before the child returns to school. Parents have the right of appeal to the Governing Board against any decision to exclude.

It is important to note that changing bad behaviour/bad habits takes time and requires the full commitment from all concerned.

Throughout these processes it is at the discretion of everyone within the leadership chain as to whether the behaviour should be accelerated to the next level or not.

Documents that should be read in conjunction with this policy

Home School Agreement
Restraint policy
Equal Opportunities policy
PSHE and citizenship policy
